- Top & Bottom PFU's (Power Film Unwind)
- Powder Coated Metal Surfaces

BUILT FOR SERIOUS PERFORMANCE

Automatic Bundle Packer

Technical Specifications :

Model No.: **ABP-2414**
Seal Area: 24"W x 14"H
Power: **120 VAC - 20 AMP**
PFU: Upper & Lower
Footprint: 76"Lx42"Wx80"H

Model No.: **ABP-3014**
Seal Area: 30"W x 14"H
Power: **120 VAC - 20 AMP**
PFU: Upper & Lower
Footprint: 76"Lx48"Wx80"H

Model No.: **ABP-3614**
Seal Area: 36"W x 14"H
Power: **120 VAC - 20 AMP**
PFU: Upper & Lower
Footprint: 76"Lx54"Wx80"H

Model No.: **ABP-4414**
Seal Area: 44"W x 14"H
Power: **230 VAC - 20 AMP**
PFU: Upper & Lower
Footprint: 76"Lx64"Wx80"H

Clean & Dry Compressed Air Required on all Models: 80 -100 Lbs. @ 6 CFM

□ This simple modular Bundle-Packer (some also call it a "Sleeve-Wrapper") is the perfect step into automating your packaging operation. **SEAL-A-TRON™** is proud to offer assistance in deciding which machine and what options are required to optimize your productivity. In many cases "Bundling" or "Sleeve Wrapping" will replace the expensive Corrugated Master Carton. Whether a tray is required or your product can be collated without any bottom support, **SEAL-A-TRON™** will help you solve your problem at a reasonable price.

We offer "Powder Coating" on all machines, the most durable paint finish in the industry. The latest technology *Digital PLC* with an optional 6" color *Touch Screen* allows absolute control of all machine functions. In many cases, when "Total Automation" is not required we take off "Modular Components" and build a *Semi-Automatic Bundler* on the same heavy duty frame for a substantially reduced Price.

□ The most innovative features of our machines are the "Made in USA" **24 Volt DC Brushless Motors** with dynamic braking. Next best thing to expensive "Servo Motors", they allow us to offer variable speed, soft start control and dynamic breaking as standard features. At **SEAL-A-TRON™**, with the combination of innovative technology and "Know-How", we have achieved a 20% increase in speed and performance over most competitors with similar models.

□ **SEAL-A-TRON'S™** exclusive *Rewind System* allows the use of only one large diameter roll of film with only one "Seal" on the package (instead 2 Rolls and 2 "Seals"). Not suited for every product.

Call today for a free evaluation of your specific needs and start saving \$\$\$\$.

SEAL-A-TRON offers a 1-year warranty on all equipment .

"Quality Second To None at a Price You Can Afford"
