□ The *SEAL-A-TRON™* Film Scrap Wind System is one of the simplest Scrap Winders of the industry, featuring TOTAL control of the tension required to wind Film without breaking. Depending on the placement of the device, A-WIND or B-WIND gives you total flexibility.

□ This totally SELF-CONTAINED Film Scrap Wind System, is equipped with Soft Start Vari-Speed, a Slip Clutch and a Dancer Bar with a Proximity Switch, that turns off the DC Motor to prevent breaking the film. This device can to be added to many machines.

□ Wether your application is a semi Automatic L-Bar Sealer, or an Automatic Sealer with a Scrap Wind System that has been giving you trouble for years, this truly Plug-N-Play System may be the answer to your prayers. Call *SEAL-A-TRON™* or your local Distributor for more information.

Seal-A-Tron offers a 1-year warranty on all equipment.

“Quality Second to None at a Price You Can Afford”
